CIMATIC CHANGES.—It is no uncommon thing to bear old people claim that
the seasons are warmer, colder, dryer or
setter than when they were young.
Their comments are ridiculed, because
most people believe that no very marked
most people believe that no very marked
markes have or ever will take place in
a section of country where stability in
a winter, showers in April, and trees
have leaves in the spring. Atmospheric
albraion is certainly going on from age

abraion is certainly going on from age
arts of a country than in others. Here
are illustrations: Two thousand years
ago the climate of Italy was far colder
than now. The Loire and Rhone, in
meist Gaul, used to freeze over every
car. Juvenal says the Tiber froze so
braly in his day that the ice had to be maceti Gaul, used to freeze over every sear. Juvenal says the Tiber froze so irruly in his day that the ice had to be findly in his day that the ice had to be to get at the water. Horace indicates the presence of ice and snow in the sinest of Rome, and Ovid asserts that sinest of Rome, and Ovid asserts that the Black Sea froze over annually. So extreme was the cold at that far-off period in history, it is chronicled by the period in the cold at that far-off period in the cold at the ground so long as to prevent the ground so long as to prevent the reality which are mised there at the present time in abundance. Ice or sow to any considerable amount on the plains of It-ly would now be a phenomenon. The same changes have been observed in all parts of Europe, and even on. The same changes have been arred in all parts of Europe, and even America there has been a visible ance observed in her climate during

WELL, now, this we like. This if it goes on will assuage the horrors of tooth-lawing. A young lady has just re-evived the degree of Doctor of Dental Surgery from the Baltimore Dental Col-lege. It will beat ether and render chloroform ridiculous, to have the teeth manipulated by farre flowers. alordorm ridiculous, to have the teeth manipulated by fairy fingers, albeit they lear the murderous forceps. If every female dentist should be particularly besuited, what an immense number of othless young men there will be.

Oxe of our exchanges gives the fol-lowing commdrum: 'Why is it that a young fellow and his girl can sit in the parior until after midnight without mak-ing noise enough for the old folks to hear them through the partition, but can n't sit in a public place five minutes without annoying the whole house with their giggling and talk?'

DR. GHBON has the pleasure of announcing that he has returned from visiting the principal Hospitals of Europe, and has resumed practice.
The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for alleviating human suffering.

Seminal Weakness.

Seminal emission is the consequence of self-abuse. This solitary vice, or degraved sexual indulgence, is practiced by the youth of both soxes to an almost unlimited extent, producing with unerting certainty the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the cars, noise like the rustling of leaves or rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shuis society, less of memory, plinples and various cruptions about the face, hectic flushos, furred tongue, festid breath, coughs, consumption, high sweats, monomanis and frequently insanity. If relief be not obtained, you should apply immediately, either in person or by letter, and have a cure offseted by his new and scientific mode of treating disease, which never fails of effecting a quick and radical cure.

Cured at Home. Seminal Weakness.

Cured at Home. Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the discase has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use.

Persons writing to the Doctor will please state the name of the paper they see this advertisement in.
